

CHAPTER - 1 BROWSING SAFELY

D. Answer the following questions.

1. What is cybercrime?

Ans:- Cybercrime is any criminal activity intended to harm anyone using a computer and an internet connection.

2. What is phishing?

Ans:- Phishing is the act of sending an email to a user; misleading him/her to believe that it is from a trusted person or organisation.

3. Write a way to protect yourself from being a victim of cybercrimes.

Ans:- To protect ourselves from being a victim of cybercrimes is: do not accept friend request from unknown people on social media.

4. What is email spoofing?

Ans:- Spoofing means hoaxing or misleading. In email spoofing the receiver of a message is fooled into believing that the message received by him is from a trusted source, which is actually not true.

E. Competency - based question:

Vinita has to suggest a suitable password to her father for his online bank account. What combination of keys should she suggest to make it a strong password?

A strong password means minimum 8 characters with numbers, special symbols, uppercase and lowercase.
